A Message from the President

Anti-aging Food

It would not be an exaggeration to say that I owe what I am today to Nihon Yamaninjin, to great extent. I, coupled with taking Nihon Yamaninjin every day on a continuous basis, could finally overcome several critical diseases including cervical cancer, large intestine cancer, etc. from which I used to suffer myself at some point in my life. I, at the time, had actually hovered between life and death. I have been able totally to restore and revitalise myself at last.

That's why I have since been devoting myself to help as many people who are suffering various intractable diseases as possible with Nihon Yamaninjin. Nihon Yamaninjin, which Apica Corporation has produced, surely provides you with the current most viable solution for revitalization of health with its unique and incomparable quality. I look forward to being of service to you soonest.

What is Nihon Yamaninjin Like?

Nihon Yamaninjin is the herb of Apiaceae indigenous to Japan (Botanical name: *Angelica Shikokiana*) and is totally different from Korean ginseng of Araliaceae. Nihon Yamaninjin has grown wildly around the southern part of Kyushu Island since the dawn of time, and has been valued as an elixir of immortality. The people who have been able to reap the maximum fruit from the efficacy of Nihon Yamaninjin have called it as “Grass of God” through the ages.

Nihon Yamaninjin, which Apica Corporation has sold, has been produced only by using the roots of its 5-year plants cultivated without any use of pesticides at all. A variety of analyses and researches has demonstrated that Nihon Yamaninjin contains incredibly abundant nutrient ingredients which are well-balanced with more than 50 kinds of natural nutrient ingredients including coenzyme Q10, collagen, etc. as well as other abundant minerals, vitamins and amino acids.

Nihon Yamaninjin activates important functions for health maintenance and revitalisation:
